

Here's just a sampling of the many yard and garden jobs the Mantis Tiller will do for you:

- Break ground for new garden plots
- Cultivate and weed around plants and between rows in existing gardens
- Dig holes to plant new trees or shrubs
- Dethatch and aerate lawns
- Edge lawns and gardens
- Till soil in raised beds and other small-space gardens
- Turn and mix debris in compost piles
- Plow furrows for planting potatoes, onions, etc.
